

REMARKS

In preparing claims to a method divisional patent application, Applicant's attorney noticed inconsistent language for the term polishing composition in claim 14 and a lack of clear support for claims 8 and 18. Specifically, Applicants have amended the term polishing solution to polishing composition and cancelled claims 8 and 18. Applicants respectfully submit that this amendment enters no new matter and does not require additional examination to enter this after allowance amendment.

Applicants respectfully submit that the application remains in condition for allowance and request entering of the amendment.

Respectfully submitted,
